

Shalom,

Welcome to bible study, the Word of God, which is the light of our path and the lamp that guides our feet (*Psalm 104:119*).

Today let us remind ourselves of the importance of being hospitable, and of giving ourselves to do God's work. For a long time I have been in contact with a girl on Facebook, who lives with her parents, who is actually a girl who loves God and is devoted to God even though she is young. She has been sending us a number of questions and answering them.. if you are a follower of the lessons here you will have read the question we answered asking... *"He is blocking now even when he is removed! Who is this?"* and another *"How can I distinguish between the voice of an Angel and that of the Holy Spirit?"*..

These two questions were asked by this girl. And there are others she asked whose answers we sent to her without publishing them. The girl is Tanzanian but lives in Zambia, near the Tanzanian border. Even though she is a little girl, she has been asking us questions about the last days and also questions about how to go and tell others about Jesus on the street.

In her youth we encouraged her not to stop witnessing to others the

gospel with all his might, no matter what her circumstances, and many other things we advised her, she went to do the work we advised her ..and after a while she brought us feedback that she had gone out to witness some and lead them in a prayer of repentance (*as usual that is good news for us Christians*), besides that, she is also a girl who is going through a lot of challenges, and even when she is at home her family are not such very religious people, even those she witnesses and saved, she is afraid to welcome the people she evangelized home because of the battle at home.... ,but she is ready to go helping people wherever they are with spirit regardless of the environment.

Now a few days ago, she met a stranger like Abraham whom he met on his way out to strike Chedorlaomer (*Genesis 14: 8-18*).

This is what she said...

***“Yesterday morning I woke up and I was washing the dishes and I went to pour the dirty water out and I took the keys and went through to open the big outside gate, when I was there, I heard a voice calling my name in a loud voice, I heard but I knew maybe it’s just my thoughts, it called again, and when I wanted to go inside, I decided to lift up my head at the gate and see if there is someone,..Surprisingly I saw a stranger knocking on the door and***

*I opened it, as I opened it and greeted him with the most polite and respectful manner as usual.*

*He asked me what do you need?.. I told him no Papa, I need nothing!, while I continued to listen to him closely, he told me to take this money, he gave me food then gave me some money. Now after receiving money and thanks, I told him JESUS loves you sir! and said yes he loves you too! I said thank you!*

*Now when I put things down to ask him farther questions about salvation, and to ask about his name?, when I got up, I did not see the man again ”.*

**\*\*End of quotation\*\*.**

Now after asking the girl what else did he give you other than the money?... She told me, A man gave him a **BIBLE, SPIRITUAL HYMN BOOK, DIARY** and **PEN** then I knew it was an angel visited her...

And fortunately this girl knows the scriptures very well, therefore she knew it was an angelic visitation...

*Hebrews 13: 2 "Do not forget hospitality; for in this way some have entertained angels without knowing it".*

So after the incident she knew she was an angel of the Lord, and a wonderful peace came into her.

Brethren, these things are not myths, they are very real things... Because even I myself have experienced it twice in an almost identical environment like this girl. Millions of angels of God roam the earth every hour..and don't expect them to come dressed in white and with wings... No!. Those who visited Lot did not have white robes, those who followed Abraham under the oaks of Mamre did not have white robes, they come as just ordinary people ..

That is why Paul says *"some of you welcome angels without knowing it"*. This girl was given a few gifts to encourage her to read and study the Word (*That is why she was given a bible and a diary*) as well as to witness to others, and the Lord has done this to show her that He loves her and is with Him to serve her needs even food so don't be afraid! and moreover he gave him a lot of money.. that's why he sent his Angel to comfort her.

And that is just a small manifestation of what is going on in the spirit, in the spirit she is surrounded by that army of so many angels. Wherever she goes, they are with her, protecting and caring for her.

Ask yourself, if she was not a caring and devoted person for the souls of others how could an angel of the Lord be sent to her?

*Hebrews 1:14 "What? Are they not all ministering spirits, sent forth to minister for them who shall be heirs of salvation? "*

Now how could he be sent to serve her if she were not a kid of girl who do the work of God? ..an angel of God would have been sent to bring her a gift of consolation, if she had been a winning girl just wandering the streets or talking gossip or walking around with boys on the street? ..

You see? and one thing that is not known to many is that Angels have a job to take our good things that we do before God. Whatever good you do angels present It before God.

I believe the testimony of this sister is enough for us! .The little space you get, if it's at school, at home, at work, on the internet, don't make

too many excuses.. that I can't because of this or that.. because I'm busy.. I can't do God's work, Brethren many still need to be saved. The angels in heaven rejoice when only one man repents!

The Lord bless us and the Lord help us.

If you are not saved! ..Salvation begins here on earth!... therefore repent and accept Jesus Christ, and after that, find the living church, located near where you are, make sure you are baptized there in the proper baptism, in the name of Jesus and by immersion of the whole body (*Acts 2:38*). And after that the Holy Spirit will lead you to do the rest. The rapture is near and these are the last days ... any day! Things will change suddenly, the rapture will pass, the saints will be taken away to heaven, and the wicked will be destroyed.

Maran atha!
