

You may have received Jesus, and you are going through a very serious and probably incurable disease, and you wonder how it is possible for me, a man of God, to have a disease like this ?, or my son? While I am very God-fearing and striving to walk in His ways ?.

When you find yourself in such a situation do not start to murmur, but rather be the one to seek to know more about God's Word, because God's Word is the cure for the condition you are going through.

Now if you think you are a servant of God and you are going through that problem, think about Job, maybe he pleased God more than you, but he was healed of his problem when God's time came.

Apart from him, there is another servant of God, the greatest in the Bible... with whom God was speaking face to face. And the Bible says that after him there never was a prophet like that.

*Deuteronomy 34:10 "And there arose not a prophet since in Israel like unto Moses, whom the LORD knew face to face,*

*11 In all the signs and the wonders, which the LORD sent him to do in the land of Egypt to Pharaoh, and to all his servants, and to all his land"*

**This is Moses**, whom we know well. But with this Prophet gaining that special favor before God, yet one day he had been afflicted with an incurable curse. One day he had once again found the LEPROSY which is white one that burns like snow.

*Exodus 4:6 "And the LORD said furthermore unto him, Put now thine hand into thy bosom. And he put his hand into his bosom: and when he took it out, behold, his hand was leprous as snow."*

This was a servant of God who contracted leprosy, a disease that was the worst of all time, and was a curse and a plague and incurable. So Moses got this disease before God. You may wonder why God did not

perform another sign, such as that of the serpents, instead giving him the sign of that Disease ?.

Why would he not just say to him, 'Put your hand on your chest and suddenly it will come out of his hand with gold or diamonds, but on the contrary his hand turned to death,'

Why would God used that sign on Moses' body his servant, and not for others who are not his follower or any animal?.

That is to show that even people who please God will sometimes go through illnesses, and even the most dangerous and incurable diseases, but the Lord will remove them as He removed them from Job and Moses.

*Psalm 34:18 "The LORD is nigh unto them that are of a broken heart; and saveth such as be of a contrite spirit.*

*19 Many are the afflictions of the righteous: but the LORD delivereth him out of them all.*

And that is why the Lord showed Moses the sign of sickness and healing, showing that He is a God who heals us.

***“And he said, Put thine hand into thy bosom again. And he put his hand into his bosom again, and when he took it out, behold, his hand was leprous. You have returned to the state of his body”.***

So do not let sickness, or the present distress, frighten us, or make us murmur, or let your fire of God quench! And it will end, Do not stop believing in God and do not stop serving Him, because God will only heal you in His time..and everything will return as it was. And do not allow your mind to dwell on your thoughts every moment, when such thoughts come to mind and lead you to think of other things, because the great battle of the devil is in our minds and thoughts.

Finally, the Word of God is a weapon as we have already said. If the devil knows you understand the scriptures well, he becomes very afraid of you..but if he knows that you do not understand well, you became his friend, he will persecute you for every kind of suffering he knows. And if you have not received Christ the grace is calling you today, accept Jesus and be made a new creature.

God Bless you.
