

The story of this world centers on humanity and our Creator, period! It's the account of how God created mankind and gave us dominion over everything beneath us, all that exists on Earth...

So, there is no other creature with greater intelligence than humans living on distant planets. When we refer to the "universe," we're not only talking about the Earth we live on, but also all the planets, stars, and celestial bodies that exist in space. The universe encompasses everywhere humanity can reach, and no being in the universe surpasses humanity in intelligence.

Psalms 8:3-9 (NIV)

*"When I consider your heavens, the work of your fingers,
the moon and the stars, which you have set in place,
4 what is mankind that you are mindful of them,
human beings that you care for them?
5 You have made them a little lower than the angels
and crowned them with glory and honor.
6 You made them rulers over the works of your hands;
you put everything under their feet:*

*7 all flocks and herds,
and the animals of the wild,
8 the birds in the sky,
and the fish in the sea,
all that swim the paths of the seas.
9 Lord, our Lord,
how majestic is your name in all the earth!"*

So, you may ask, if there are no intelligent beings greater than humans, what about those mysterious creatures that scientists claim to see and photograph in space, which sometimes appear human-like?

It is an undeniable fact that scientists have observed strange phenomena in space, and at times they manage to capture them on film. Other times, they see unusual lights, patterns, or shapes that disappear quickly, leaving behind many questions. Because science, for the most part, rejects the idea of God, these scientists are left to speculate about what they are witnessing, often with no satisfying answer.

So, who are these beings, often referred to as ALIENS? The Bible gives us insight into the nature of these beings in the following

passage:

Revelation 12:7-9 (KJV)

*“And there was war in heaven: Michael and his angels fought against the dragon; and the dragon fought and his angels,
8 And prevailed not; neither was their place found any more in heaven.*

9 And the great dragon was cast out, that old serpent, called the Devil, and Satan, which deceiveth the whole world: he was cast out into the earth, and his angels were cast out with him.”

These “aliens” that scientists observe in space are not extraterrestrial beings, but Satan and his fallen angels (demons). The Bible teaches us that Satan, though powerful, is a created being with limited authority. As the passage in 2 Corinthians 11:14 (NIV) warns us, “And no wonder, for Satan himself masquerades as an angel of light.” He and his demons have the ability to disguise themselves and appear as beings of light or aliens from distant planets, intending to deceive humanity.

Satan's ultimate goal is to lead people away from the truth of God's Word and deceive them into believing in alternative explanations about the universe such as the existence of aliens. His aim is clear: to distract people from the reality of God and shift their trust to these supposed "higher beings" that will provide answers to humanity's technological and social dilemmas.

Satan has many tools at his disposal to deceive humanity. Witchcraft and occult practices deceive those who believe in such things. False prophets and false teachers mislead those who attend churches, but who fail to truly know and understand God's Word. The alien deception works on those who do not believe in God, leading them to think that beings from other planets possess superior knowledge and power.

I once read a testimony from a woman who had just committed her life to Christ, but she hadn't fully surrendered yet. She shared how she loved reading about aliens, and in her heart, she believed that there must be other beings different from humans living on distant planets. She longed to see them one day, because she had heard many testimonies from people claiming to have seen these beings.

One night, while driving home, she saw a bright light ahead on the road. As she looked closer, the light came nearer to her car, and she had to slam on the brakes. She described the object as looking like a spacecraft. She was certain it was made from advanced technology, far beyond what is known on Earth.

Although she didn't see the beings inside, she heard a voice telling her that they were extraterrestrials from a distant planet who had come to help Earth. Overjoyed, she felt as though her dream of seeing aliens had come true. However, shortly before this event, she had heard the gospel and decided to follow Jesus though she hadn't fully committed, with one foot still in the world.

She then asked these beings, "Do you worship Jesus?" They didn't respond at first. But after persistently asking, they finally answered, "We do not worship Jesus. You humans worship Him. We are not human." As she continued questioning them about their worship, the craft suddenly took off and vanished from her view.

It wasn't long after this encounter that she began to experience problems while reading the Bible. Every time she opened it, she could only see light nothing more. But when she was prayed for

and the spirits were cast out, she realized the truth. What she had encountered wasn't aliens at all. It was demons who had disguised themselves as extraterrestrial beings.

The Bible gives us a clear warning in 1 John 4:1 (NIV):

"Dear friends, do not believe every spirit, but test the spirits to see whether they are from God, because many false prophets have gone out into the world."

So, to conclude, the concept of aliens is a creation of Satan. It is a lie designed in hell with the aim of drawing people away from God. Satan wants people to stop believing in God and instead place their faith in the idea of extraterrestrial beings, as promoted by modern science. This deception has already caused significant confusion in the Western world, and it is beginning to take root in other parts of the world as well.

Blessed!
