Yes, a tumor can be healed.

However, not every method or treatment will work. Doctors certainly do their part, but ultimately, it is God who is the true healer. While medicine can provide temporary solutions, God has the final say in the healing of our bodies and souls. With Him, every sickness can be healed, for nothing is impossible for God (Luke 1:37).

No matter the type of tumor—whether it’s in the uterus, bladder, throat, head, or stomach—if it’s a tumor, no matter its size, it can be healed. This is not just wishful thinking; it is rooted in the truth of Scripture.

And the one who has the power to heal is JESUS.

The name “Jesus” means SAVIOR. He was sent by God to save humanity from their sins, their troubles, and their diseases. Theologically, Jesus is understood as the incarnation of God Himself—God in human form—who came into the world to accomplish the salvation of mankind. He lived a sinless life, died on the cross for our sins, and rose again to offer us eternal life (John 3:16, Philippians 2:6-8). He was born with this one purpose

in mind: to heal the brokenness of creation, which includes physical, emotional, and spiritual healing.

So, as long as Jesus is present, there’s no reason to fear.

The Old Testament prophesied that the Messiah would come to bear the burdens of the people.

> *Isaiah 53:4-5 (NIV) says:”*Surely He took up our pain and bore our suffering, yet we considered Him punished by God, stricken by Him, and afflicted. But He was pierced for our transgressions, He was crushed for our iniquities; the punishment that brought us peace was on Him, and by His wounds, we are healed.”

This passage speaks of Jesus taking on our suffering and the penalty for our sins. The “stripes” or wounds He endured were not only for our spiritual salvation but for our physical healing as well. By His suffering, we are healed—both spiritually and physically. In Christian theology, this is known as the “atonement,” where Christ’s death and resurrection have the power to heal us from

the consequences of sin, which include sickness and death.

Jesus carried our sicknesses and diseases long before you were born. He healed the sick during His earthly ministry—He restored sight to the blind, healed the lame, cast out demons, and even raised the dead (Matthew 9:35, Luke 7:22). He is still in the business of healing today.

He healed Lazarus, who had died, been buried, and begun to decay (John 11:38-44). Jesus showed His authority over life and death, demonstrating that nothing, not even death itself, is beyond His power. He can heal you too, no matter what sickness you face. You don’t need to wait until your condition worsens. By trusting in Jesus, you can receive healing now.

But the first step is to invite Him into your life. To truly experience His healing, you must receive Him as Lord and Savior. This involves repentance—turning away from your sins and placing your faith in Him. The Bible assures us in

> *1 John 1:9 (NIV):”*If we confess our sins, He is faithful and just and will forgive us our sins and purify us from all

> unrighteousness.”

When you repent and accept His grace, He will forgive your sins, and you will receive eternal life

> *Romans 10:9 (NIV) declares:”*“If you declare with your mouth, ‘Jesus is Lord,’ and believe in your heart that God raised Him from the dead, you will be saved.”

In this salvation, you also receive healing, both for your soul and your body. From this moment on, Jesus will not remember your past mistakes. The Apostle Paul writes in

> *2 Corinthians 5:17 (NIV):”*Therefore, if anyone is in Christ, the new creation has come: The old has gone, the new is here!”

This is the power of salvation and healing that Jesus offers—freedom from sin, peace in your heart, and healing for

your body.

God bless you.
