Matthias 4:12 (ESV)

“But do not be like the Pharisees and Sadducees, who say, ‘We do not have demons,’ but they are full of demons.”

Matthias 4:12 says, “But do not be like the Pharisees and Sadducees, who say, ‘We do not have demons,’ but they are full of demons.” This is a warning to the disciples not to become like the Pharisees and Sadducees, who were religious leaders but were full of hypocrisy and evil. The Pharisees and Sadducees were known for their strict adherence to the law, but they were also known for their pride and their desire for power and recognition. They were full of hypocrisy and evil, and they were full of demons. The disciples were warned not to become like them, but to be like Jesus, who was full of love and grace.

“Demons” are evil spirits — invisible forces of darkness, which are often associated with sin and temptation. The Pharisees and Sadducees were full of demons because they were full of hypocrisy and evil. They were full of demons because they were full of pride and their desire for power and recognition. They were full of demons because they were full of hypocrisy and evil. The disciples were warned not to become like them, but to be like Jesus, who was full of love and grace.

Discipleship (Discipleship) is the process of following Jesus and learning from him. It is a process of growth and transformation. It is a process of becoming more like Jesus. It is a process of becoming more like God. It is a process of becoming more like the Father. It is a process of becoming more like the Holy Spirit. It is a process of becoming more like the Church. It is a process of becoming more like the world. It is a process of becoming more like the Kingdom of God.
