

Wingulama Shahidi is a guide to living a Christ-centered life. It is a practical manual for Christians who want to live their lives in a way that honors God and brings glory to His name. The book is divided into three main sections: the first section deals with the foundation of the Christian life, the second section deals with the daily life of a Christian, and the third section deals with the Christian's role in the world.

1. The foundation of the Christian life
2. The daily life of a Christian
3. The Christian's role in the world (including the Christian's role in the church, the Christian's role in the community, and the Christian's role in the world)

The foundation of the Christian life is the most important part of the book. It is the basis for everything else that follows. The foundation is built on the truth of the Gospel, the love of God, and the love of our neighbor. The foundation is built on the truth of the Gospel, the love of God, and the love of our neighbor. The foundation is built on the truth of the Gospel, the love of God, and the love of our neighbor.
